consultative examination report content and not with respect to medical techniques;

(3) Procedures for control of scheduling consultative examinations;

(4) Procedures to ensure that close attention is given to specific evaluation issues involved in each case;

(5) Procedures to ensure that only required examinations and tests are authorized in accordance with the standards set forth in this subpart;

(6) Procedures for providing medical or supervisory approval for the authorization or purchase of consultative examinations and for additional tests or studies requested by consulting medical sources. This includes physician approval for the ordering of any diagnostic test or procedure where the question of significant risk to the claimant/beneficiary might be raised. See § 404.1519m.

(7) Procedures for the ongoing review of consultative examination results to ensure compliance with written guidelines;

(8) Procedures to encourage active participation by physicians in the consultative examination oversight program;

(9) Procedures for handling complaints;

(10) Procedures for evaluating claimant reactions to key providers; and

(11) A program of systematic, onsite reviews of key providers that will include annual onsite reviews of such providers when claimants are present for examinations. This provision does not contemplate that such reviews will involve participation in the actual examinations but, rather, offer an opportunity to talk with claimants at the provider's site before and after the examination and to review the provider's overall operation.

(g) The State agencies will cooperate with us when we conduct monitoring activities in connection with their oversight management of their consultative examination programs.

PROCEDURES TO MONITOR THE CONSULTATIVE EXAMINATION

§ 404.1519t Consultative examination oversight.

(a) We will ensure that referrals for consultative examinations and purchases of consultative examinations are made in accordance with our policies. We will also monitor both the referral processes and the product of the consultative examinations obtained. This monitoring may include reviews by independent medical specialists under direct contract with SSA.

(b) Through our regional offices, we will undertake periodic comprehensive reviews of each State agency to evaluate each State's management of the consultative examination process. The review will involve visits to key providers, with State staff participating, including a program physician when the visit will deal with medical techniques or judgment, or factors that go to the core of medical professionalism.

(c) We will also perform ongoing special management studies of the quality of consultative examinations purchased from key providers and other sources and the appropriateness of the examinations authorized.

EVALUATION OF DISABILITY

§ 404.1520 Evaluation of disability in general.

(a) *General*—(1) *Purpose of this section.* This section explains the five-step sequential evaluation process we use to decide whether you are disabled, as defined in § 404.1505.

(2) *Applicability of these rules.* These rules apply to you if you file an application for a period of disability or disability insurance benefits (or both) or for child's insurance benefits based on disability. They also apply if you file an application for widow's or widower's benefits based on disability for months after December 1990. (See § 404.1505(a).)

(3) *Evidence considered.* We will consider all evidence in your case record when we make a determination or decision whether you are disabled.

(4) *The five-step sequential evaluation process.* The sequential evaluation process is a series of five "steps" that we
